

Smartub 170/180-2

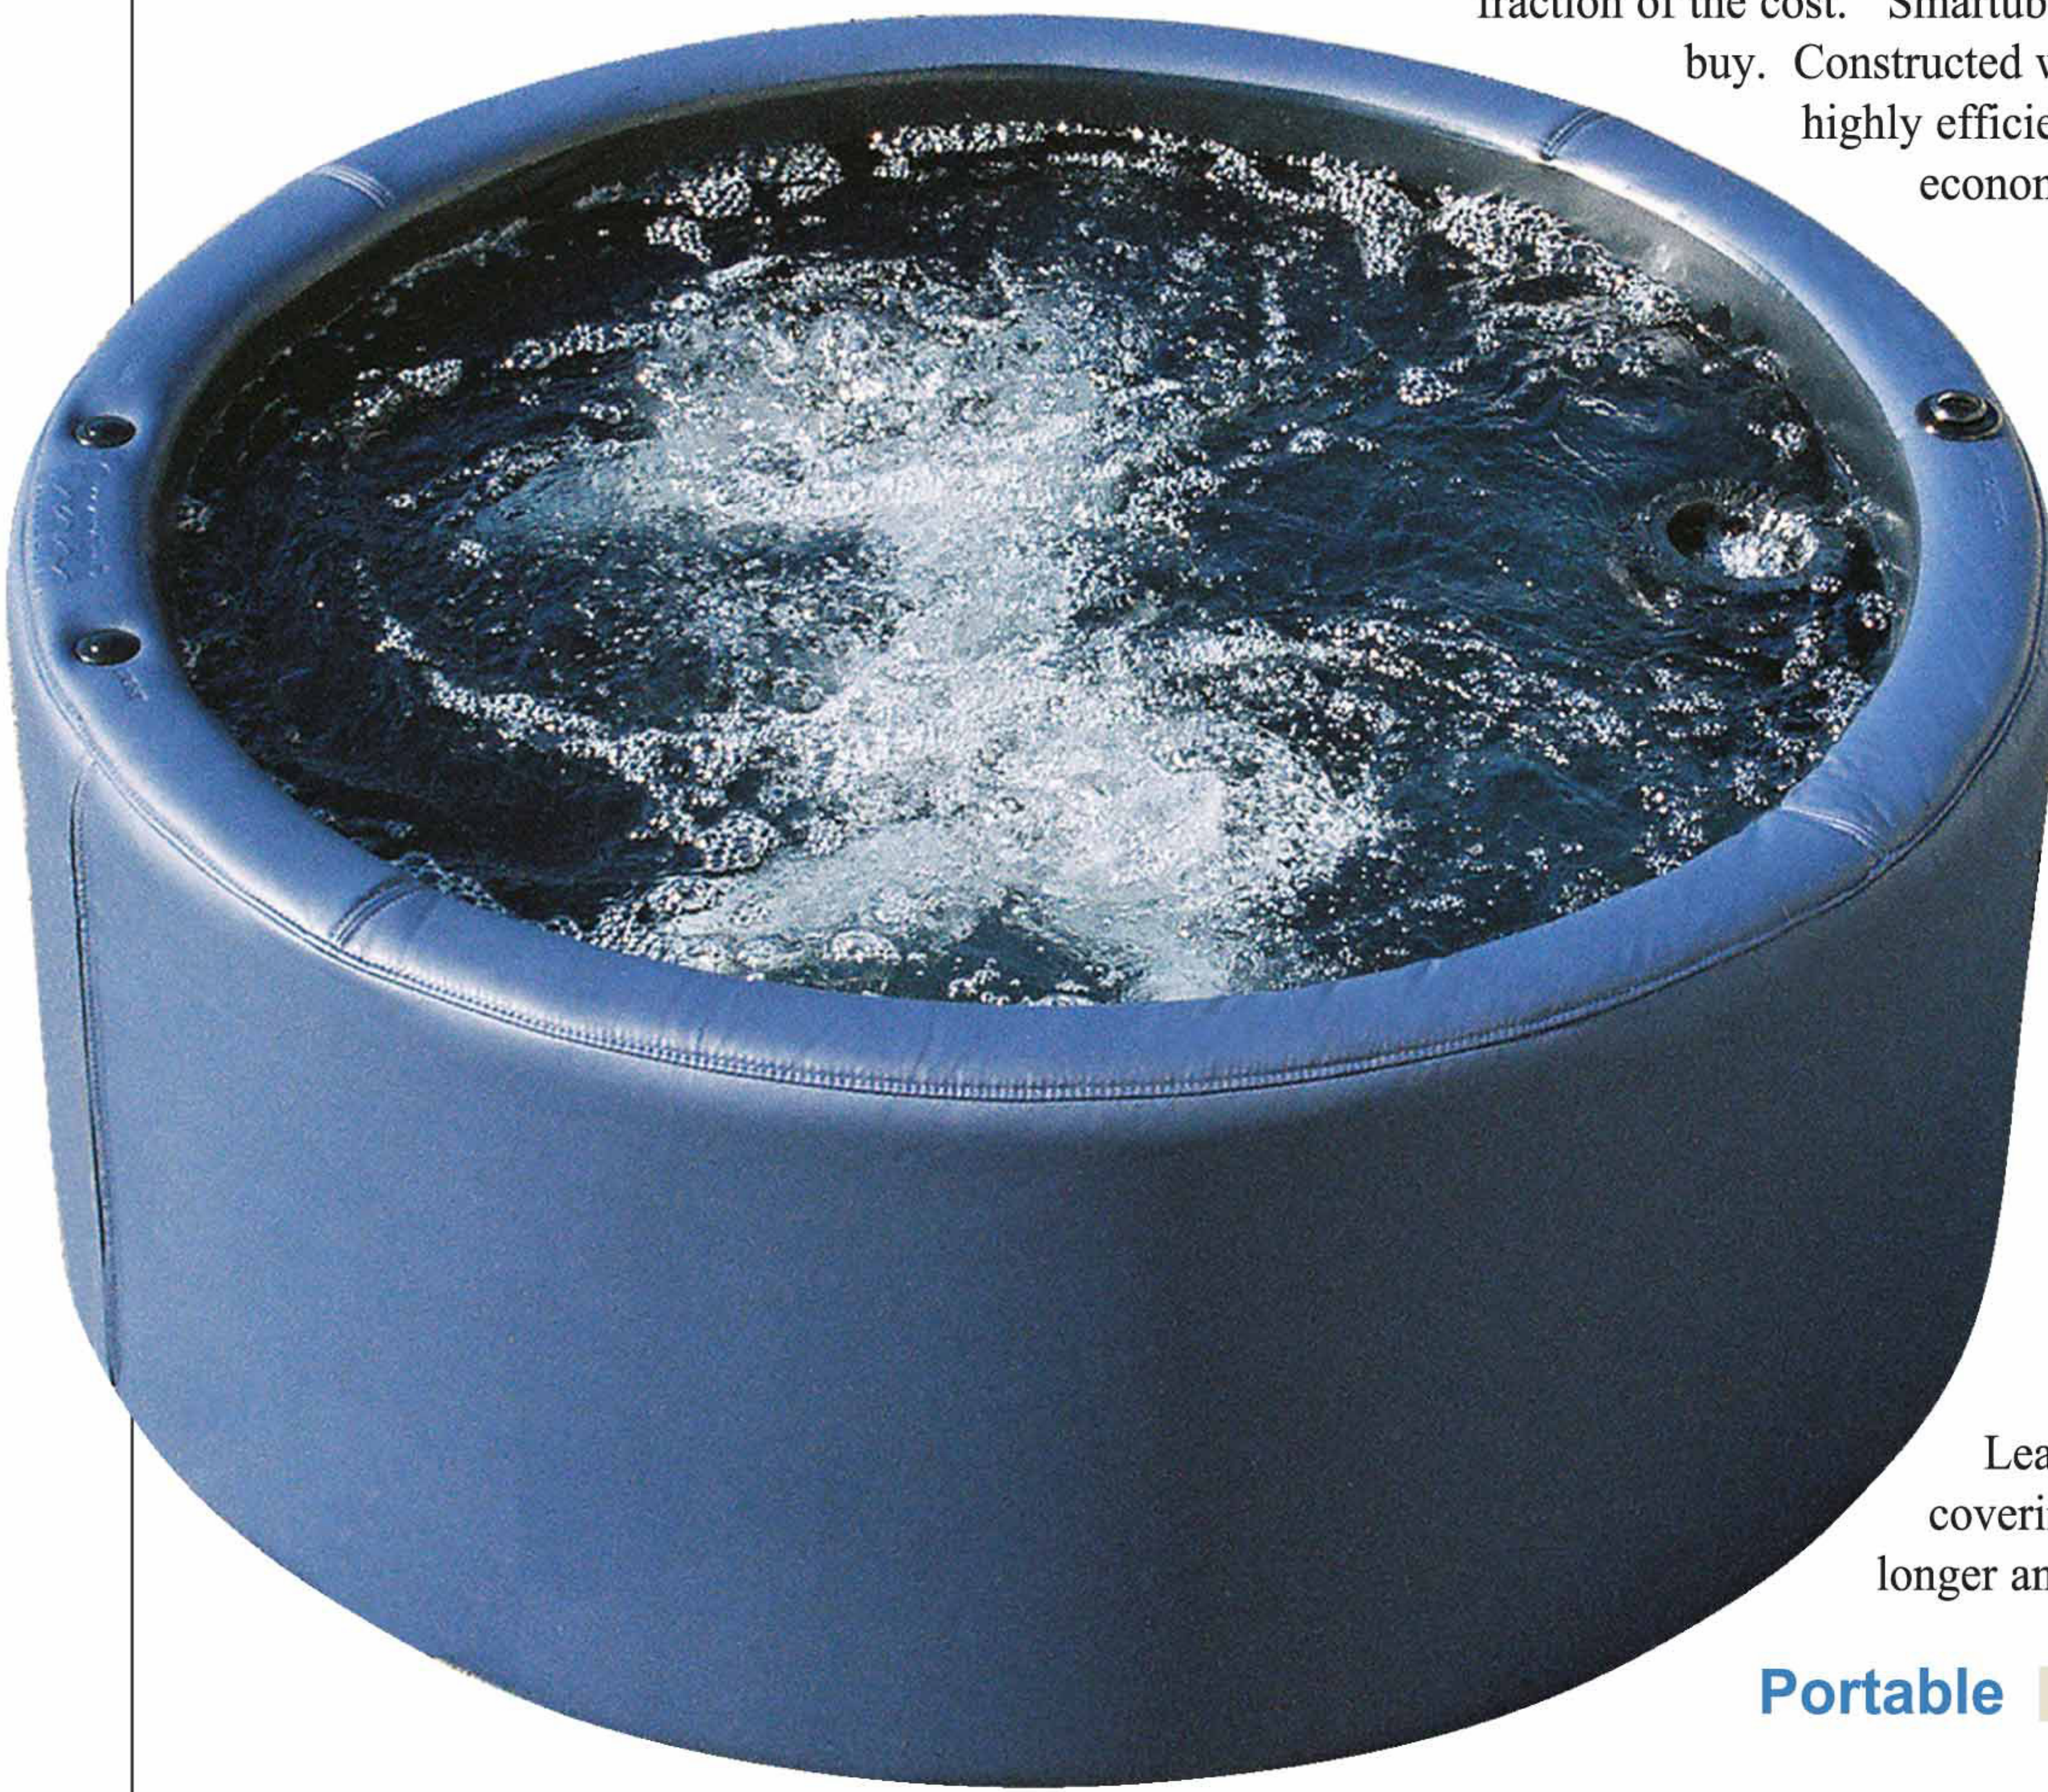

Affordable Quality. Portable Paradise.

Affordable ■

Spas with Hydro-Therapeutic Jets and computer controlled functions can cost upwards of ten thousand dollars... but they don't have to.

The Smartub spa has been called "The best value in portable spas" for good reason. Priced well below comparable spas, Smartub provides all the luxuries of more expensive spas for a fraction of the cost. Smartub is not just one of the most affordable hot tubs to buy. Constructed with up to 6 inches of solid insulation, Smartub's highly efficient design also makes it one of the most economical tubs to own.

Quality ■

Developed with award winning design and function, every Smartub is tested to the most rigorous industry standards. Each tub comes standard with the highest quality components to ensure reliability:

- 1 1/4 EQPP Brushless MAGNA Pump
- 1000 w, variable thermostat heater
- 4 high flow, multi-directional jets
- Four way locking cover

A central processing controller, manages spa functions, maintains accurate temperatures, runs preprogrammed circulation cycles and regulates power usage, all at the press of a button

Leather-Plus™, a UV and weather resistant vinyl covering, has the look and feel of real leather but lasts longer and requires almost no maintenance.

Portable ■

Smartub's light weight design has taken portability to a new level. The first of its kind, Smartub requires:

- NO TOOLS
- NO ASSEMBLY
- NO POWER UPGRADES (110 v, 15 amp circuit)

Weighing in at under 100 lbs., Smartub lets one person, **Roll** Smartub into place, **Fill** it with water and **Plug** it in. Its easy to relax and enjoy a new spa in minutes.
